CLAIMS 1-15 ARE PRESENTED FOR EXAMINATION

Detailed Action

Applicant is advised that pursuant to 37 CFR 1.126 the numbers of claims 11-16 have been changed to 10-15 since claim 10 was missing from the application as filed.

Accordingly, applicant is advised to renumber the claims in their file.

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

I. Claims 1-8, 10 and 11, drawn to compositions of prolonged release formulations.

II. Claims 9 and 12-15 drawn to processes for the preparation of sustained/prolonged release formulations.

Inventions of Group I and II are related as process and apparatus (compositions) for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case the process of Group II, the preparation of sustained/prolonged release formulations, can be carried out by various procedures to prepare sustained release formulations that are available commercially.

Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Further restriction may be required.

Art Unit: 1617

No telephone communication was made on this restriction requirement because the restriction is complex. (MPEP 812.01).
